

PART-II

NON-PLAN EXPENDITURE 2010-2011

Non-Plan expenditure is a generic term, which is used to cover all expenditure of Government not included in the Plan. It may either be revenue expenditure or capital expenditure. Part of the expenditure is obligatory in nature e.g. interest payments, pensionary charges and statutory transfers to State and Union Territory Governments. A part of the expenditure relates to essential functions of the State, e.g. defence, internal security, external affairs and revenue collection. Details of Non-plan expenditure by broad categories are given in Statement No.4. Important items of Non-Plan expenditure included in the Budget for 2010-2011 are indicated in the following paragraphs. In general, Non-Plan Capital outlays excluding Defence Services and UT (without legislature) have been put together in Statement No.8.

1. INTEREST PAYMENTS AND DEBT SERVICING (Rs. 248664 crore)

An amount of Rs.248664 crore is provided for payment of interest on Public Debt, both internal and external and other interest bearing liabilities of the Government. The internal debt mainly comprises market loans and other medium and long term loans; treasury bills and special securities issued to National Small Savings Fund. Other interest bearing liabilities include Insurance and Pension funds, deposits of non-Government provident funds, reserve funds of commercial departments, Special securities issued to Oil companies, FCI and others. From 2004-05, the provision for interest payment on borrowings under the Market Stabilization Scheme (MSS), have been separately reflected in terms of the MOU on MSS.

2. DEFENCE (Rs. 147344 crore)

This includes revenue and capital expenditure on Defence Services, net of recoveries and revenue receipts. The components are Army (Rs.57326.99 crore), Navy (Rs.9329.67 crore), Air Force (Rs.15210.73 crore), Ordnance Factories (Rs.246.19 crore), Research and Development (Rs.5230.42 crore) and Capital outlay on all the above services (Rs.60000 crore) for modernisation of Defence forces.

3.1 MAJOR SUBSIDIES (Rs.108666.91 crore)

3.1.1 Food subsidy (Rs. 55578.18 crore) :- Food Subsidy is provided in the budget of the Department of Food & Public Distribution to meet the difference between economic cost of foodgrains and their sales realization at Central Issue Prices fixed for Targeted Public Distribution System (TPDS) and other welfare schemes. In addition, the Central Government also procures foodgrains for meeting the requirements of buffer stock. Hence, part of the food subsidy also goes towards meeting the carrying cost of buffer stock. The subsidy is provided to Food Corporation of India, which is the main body of the Government of India for procurement and distribution of wheat and rice under TPDS and other welfare schemes and for maintaining the buffer stock of foodgrains as a measure of food security. Eleven States & UTs, namely Uttar Pradesh, Madhya Pradesh, Chhattisgarh, West Bengal, Uttarakhand, Tamil Nadu, Andaman & Nicobar

Islands, Orissa, Gujarat, Kerala and Karnataka have undertaken the responsibility of not only procuring foodgrains from within the State but also distributing the same to the targeted population under TPDS and other welfare schemes. Under this scheme of Decentralized Procurement, State specific economic cost is determined by the Government of India and the difference between the economic cost and the Central Issue Prices is passed on to the States as food subsidy. Efforts are being made to persuade other States to adopt this scheme.

3.1.2 Indigenous (urea) fertilisers (Rs.15980.73 crore):-

A retention price scheme for indigenous fertilisers is in operation since 1977. This subsidy scheme is intended to make fertilisers available to the farmers at reasonable prices and to give producers of fertilisers a reasonable return on their investment. The difference between the concession price so fixed, less distribution margin and the statutorily controlled consumers' price, is allowed as subsidy. The quantum of subsidy depends on the concession price, the consumers' price and the level of production.

3.1.3 Imported (urea) fertilisers (Rs.5500 crore) :- As indigenous production is not adequate to meet the demand for fertilisers, imports are arranged to make up the shortfall. Mainly three varieties of fertilisers, viz. Urea, Di-ammonium phosphate(DAP) and Muriate of Potash are imported. As only Nitrogenous fertilisers are under price control, the estimates are based on the likely imports of urea during the year.

3.1.4 Sale of decontrolled fertilisers with concession to farmers (Rs.28500 crore) :- The provision relates to payments to manufacturers/importers of fertilisers/agencies. The scheme was introduced after the prices of phosphatic and potassic fertilisers were decontrolled, with a view to enable farmers to maintain a healthy N:P:K ratio and contain prices of fertilizers.

3.1.5 Petroleum subsidy (Rs.3108 crore) :- Subsidies for domestic LPG & PDS Kerosene, freight subsidy for far flung areas and other related compensation have been provided.

3.2 Interest subsidies (Rs.4416.09 crore) :- Interest on loans sanctioned by the Government is normally payable at the rates prescribed from time to time. In specific cases where a concession is allowed in the rate of interest or where exemption is given from payment of interest on the loans, subsidies are paid and an amount equal to the subsidy is taken as interest receipt of the Government. Interest subsidy is also given for financing interest payment on loans raised by the CPSUs from banks for implementation of VRS in Central Public Sector Undertakings (Rs. 67.73 crore). Provision of Rs.209.32 crore has been made as interest subsidies to LIC for Pension Plan for Senior Citizens. It also includes a provision of Rs.3000 crore as interest subvention to NABARD, Regional Rural Banks, Co-operative Banks and PSBs on short term credit to farmers, Rs.130 crore towards interest equilisation support to EXIM Bank of India and Rs.700 crore towards payment of subsidy to nodal agencies viz. RBI and National Housing Bank on Housing loans. Details of interest subsidies are given in Statement No.5.
