

**MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY****DEMAND NO. 15****Department of Information Technology**

A. The Budget allocations, net of recoveries, are given below:

		<i>(In crores of Rupees)</i>								
Major Head	Budget 2009 -2010			Revised 2009 -2010			Budget 2010 -2011			
	Plan	Non-Plan	Total	Plan	Non-Plan	Total	Plan	Non-Plan	Total	
Revenue	2432.00	52.00	2484.00	1602.00	50.77	1652.77	2499.00	47.00	2546.00	
Capital	98.00	...	98.00	98.00	...	98.00	161.00	...	161.00	
<b>Total</b>	<b>2530.00</b>	<b>52.00</b>	<b>2582.00</b>	<b>1700.00</b>	<b>50.77</b>	<b>1750.77</b>	<b>2660.00</b>	<b>47.00</b>	<b>2707.00</b>	
1. Secretariat-Economic Services	3451	30.40	31.30	61.70	30.40	30.27	60.67	35.00	27.30	62.30
<b>Telecommunications and Electronics Industries</b>										
2. National Informatics Centre	3451	419.00	...	419.00	419.00	...	419.00	519.00	...	519.00
	5475	70.00	...	70.00	70.00	...	70.00	109.00	...	109.00

3. North Eastern Areas	22552	253.00	...	253.00	170.00	...	170.00	266.00	...	266.00
<b>Total</b>		<b>2530.00</b>	<b>272.14</b>	<b>2802.14</b>	<b>1700.00</b>	<b>272.14</b>	<b>1972.14</b>	<b>2660.00</b>	<b>406.61</b>	<b>3066.61</b>

1. **Secretariat-Economic Services:** It provides for secretariat expenditure of the Department of Information Technology (DIT).

2. **National Informatics Centre (NIC):** National Informatics Centre (NIC) is the nodal S&T organization providing network backbone and e-governance support to the Central Government departments, States, Union Territories and District Administrations in the country. It is a Network Infrastructure Facility Provider, Network Service Provider, Application Service Provider and Content ASP.

3. **Technology Development Council Programme (incl ITRA):** The Programme aims to facilitate proliferation and absorption of emerging technologies in the country by supporting Research and Development in IT; to promote the use of free and open source software; develop and apply state-of-art cost effective indigenous solutions for important industrial sectors; technology developments in bio-informatics, IPR promotion and setting up of IT Research Academy.

4. **Educational & Research Network (ERNET) India:** It is a registered scientific society of the Department to provide services based on IPv6 with the five focus areas namely, (i) National Academic and Research Network; (ii) Research & Development in the areas of Data Communication and its Application; (iii) Human Resource Development in the areas of High-end Networking; (iv) Educational Content; and (v) Campus-wide High Speed Local Area Network.

5. **Components & Material Development Programme:** Its objective is to develop a strong R&D/technology base for electronics materials and to meet future needs of the electronics industry and to support goal oriented R&D projects for critical

and priority electronics materials at appropriate R&D institutions and industry.

6. **Micro-electronics and Nano-Technology Development Programme:** The objective of the programme is to build a strong base in the country covering manpower, R&D and technology at academic institutions R&D laboratories and industry and also promote and proliferate the usage of Application Specific Integrated Circuits (ASICs) for the indigenous electronics Industry.

7. **Centre for Development of Advanced Computing (C-DAC):** It is a registered scientific society of the Department in the field of computing & communication and applications arising out of it. C-DAC has progressively grown to build an eco-system and Institutional framework for innovation, technology development, skills, delivery plans, collaboration, partnership and market orientation in a number of niche areas of national importance and market relevance in ICT and Electronics.

8. **Society for Applied Microwave Electronics Engineering and Research (SAMEER):** It is a registered scientific society of the Department working in high technology areas of microwaves, milli-meterwaves and electro-magnetics with the specific goal of developing applications for these technologies with its three centres at Mumbai, Chennai and Kolkata.

9. **Standardisation Testing and Quality Certification (STQC) Programme:** STQC Directorate, an attached office of the DIT, has established itself a premier Quality Assurance Institution in Electronics & IT in the country and has many national and international recognitions, which have found acceptance of its services at international level also. It provides testing and

calibration services to the industries for improvement of quality and reliability of electronics components and products.

**10. Facilitation of Setting-up of Integrated Townships:**

The development of such integrated modern townships is complex process involving a number of activities such as utility mapping and infrastructure layouts. These cities are characterized by the state-of-art urban infrastructure and contributing to the overall economic development of the State.

**11. Manpower Development Programme:** The objective of the programme is to create and strengthen the specialised manpower required to support the growing software export industry and to achieve the targeted export. To achieve the targets major programmes being implemented are i) Information Security Education and Awareness Programme ii) Skill Enhancement for Employment in the ITES/BPO Space at DOEACC Centre, Srinagar/Jammu. iii) Special Manpower Development Programme in VLSI Design and Related Software and iv) for skilling 10 million persons by 2022 as a part of the Government of India announcement of National Skill Development Policy which has set a target of skilling 500 million by 2022.

**12. Convergence, Communication & Strategic Electronic Programme:** Its objective is to support R&D in convergence Communications, Broadband Technologies and Strategic Electronics. The indigenous efforts are aimed at facilitating developments in emerging, next generation wired / wireless broadband network and broadcast and strategic technologies leading to their cost effective deployment bringing not only economic benefits but also contribute to inclusion, provide safety, security and improve life.

**13. Electronics in Health & Telemedicine Programme:** The Department has been actively engaged in promoting technology development efforts in the area of medical electronic devices and rehabilitation devices for their commercial production in the country. Telemedicine primarily refers to the use of telecommunications for diagnosis and treatment of diseases and is an emergent mode of healthcare delivery at a distance especially to the under-served rural.

**15. Lumpsum Provision for North Eastern Region and Sikkim:** As per Government instructions, 10% of the Central Plan Allocation has been earmarked for the schemes for the benefit of the North Eastern Region and Sikkim.

**16. Electronics Governance Programme:** The Objective of E-Governance in broader terms is to make all Government services accessible to the common man in his locality. National e-Governance plan, (NeGP) covers 27 Mission Mode Projects (MMPs) and 8 Support Components to be implemented at the Central, State and Local Government levels. The objective of e-Governance in broader terms is to make all Government Services accessible to the common man in his locality. The main features are : Centralized concept - Decentralized implementation; 27 Mission Mode Projects spread across Centre, State and Local Government level; One lakh Common Service Centres for 6 lakh villages; Optic fibre connectivity up to block level and Effective public - private partnership for long-term sustainability.

**17. Technology Development for Indian Languages Programme (TDIL):** The Programme aims at development of Information Technology tools and content in Indian Languages

to enable India to use computers and other IT Systems in their own languages.

**18. Cyber Security (including CERT-In, IT Act):** Cyber Security is slowly gaining wider adoption in many consumer products for a variety of reasons, due to appreciation of consequences of insecurity the need for developing secure products, performance and cost penalties, improved user convenience, need for implementing and consistently maintaining security practices, and importance of assessing the value of security improvements. Indian Computer Emergency Response Team (CERT-In) has been established to respond to the cyber security incidents and take steps to prevent recurrence of the same. Certifying Authorities are licensed by CCA to issue digital signature certificates under the IT Act.

**19. Software Technology Parks of India (STPI) & EHTP:** Software Technology Park (STP) is a 100% export oriented scheme for the development and export of computer software using communication links or physical media and including export of professional services. STP scheme has been extremely successful in fostering the growth of the software industry. At present STPI has 51 Centers across the country, out of which 44 centers are located in Tier II and Tier III cities.

**20. IT for Masses (Gender, SC/ST):** The IT and electronics sector is one of the largest employers of women and therefore, can go a long way in women empowerment and reducing the gender bias. The Department allocates its resources on various projects / programmes for infrastructure development or sponsored projects for specific technology or manpower development of Weaker Section (SC/ST).

**21. DOEACC:** It is a registered scientific society of the Department, which accredits institutes/organisations for conducting courses particularly in the non-formal sector of IT Education and Training. It is also engaged in the development of Industry oriented quality education and training in the state-of-the-art-areas, establish standards to be the country's premier institution for Examination and Certification in the field of ICT.

**23. Promotion of Electronics /IT Hardware Manufacturing:** The government has identified growth of electronics and IT hardware manufacturing sector as a thrust area for which a National Manufacturing Competitiveness Council has been set up.

**24. National Knowledge Network:** The scheme has been initiated for establishing the National Knowledge Network with multiple gigabit bandwidth to connect Knowledge Institutions across the country.

**25. Media Lab Asia:** Media Lab Asia is a not for profit organisation under Section 25 of Companies Act, 1956 with an aim to bring the benefits of the most advanced information and communication technologies to the common man and the needy people.

**26. Controller of Certifying Authorities (CCA):** The Controller of Certifying Authorities issues license for operating as a Certifying Authority to the individual/company after examining the various parameters as mentioned in the Information Technology Act, 2000 amended in 2008 and its Rules and Regulations as prescribed from time to time. Licensed Certifying Authorities include Government entities and Private Sector units.
